Dear Mr. Ranganatha Rao Sahib,

I herein enclose copy of a telegram just now received by the Dewan from the Deputy Commissioner of the Kolar District, re: the prohibition of the export of rice to the Kolar Gold Fields by the Collectors of Vellore, Salem and North Arcot. As the situation seems to be a serious one, may I know what action you would propose to take in the matter?

Yours sincerely,

To

The Chief Secretary to the Government of His
Highness the Maharaja of Mysore,
Bangalore

Sir,

With reference to your letter (D.O.) No.7 dated the 13th September 1918 forwarding a copy of the telegram addressed to the Dewan Sahib, by the Deputy Commissioner, Kolar District, I have the honour to state that under orders of Government I proceeded to Madras and interviewed the Director of Civil Supplies on the 14th instant. I was informed by him that in reply to a telegram of the Deputy Commissioner, Kolar District, he had wired that the prohibition regarding export did not include Kolar Gold Fields and that he had instructed the Collectors of Salem, Vellore and Chittur accordingly by telegram..

2. I, however, found that he had issued orders to the Collectors of the Districts adjoining the Mysore State, namely, Bellary, Anantapur, North Arcot, Chittur, Salem and Coimbatore that the export of food grains into the Mysore State should be prohibited except on certificates issued by him. I explained to Mr. Wood that Government did not propose to interfere with normal traffic and that his order of prohibition would impose considerable hardship on the population living on both sides of the boundary line between Madras and Mysore. On my representation, he was good enough to cancel his instructions to the Collectors and has issued a memo to them that the traffic by

road from Madras districts into Mysore should not be interferred with. I have agreed that in consideration of this order weekly statistics of the traffic passing across the Ookads should be forwarded to the Collectors of the ~~concerned~~ British Districts concerned and that in case of difficulties they may wire to me. I enclose a copy of the order issued by Mr.Wood on the 14th instant. I submit that Government may direct the forwardal to the Collectors of the adjoining Districts, copies of traffic statistics prepared at the Ookads. I submit that the Ookad authorities might be directed to take account not only of the food grains that pass out but also the food grains that come into the Mysore State.

I have the honour to be,

Sir,

your most obedient servant,

Ranganatha Rao Sahib

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 24th August 1918.

Circular Memorandum.

With reference to Government Order No. G. 2714-26—P. P. 66-18-1, dated 6th August 1918, directing that the export of the marginally noted food-grains from the State should be permitted only under licenses issued therefor, the following subsidiary instructions are issued regarding the principles to be followed in the matter of granting licenses :—

Rice,
Paddy,
Ragi, and
Cholum.

(1) Exports should be permitted only to the extent absolutely necessary but not in excess of the volume normally exported in previous years, as far as it can be ascertained by local enquiry or otherwise.

(2) The export should be restricted to the quantity actually collected and got ready for export.

(3) Exports should be made within a week of the issue of licenses, after which the licenses will have no effect.

(4) As there appears to be an impression that trade in *Santhes* is prohibited, it should be widely made known that no such restriction exists and that trade may be carried on as freely as usual. Only large exports to places *outside* the State are brought under control.

(5) No licenses need be required for quantities not exceeding one palla at any one time.

(6) Licenses for export by road will be issued in the appended Form 'A.' They will be printed in *Kanarese* in *triplicate* and machine numbered. One copy will be retained in the office of issue, another copy will be sent to the applicant and the 3rd copy to the frontier *Ookad* from which the export is allowed. The license will not be transferable. The licensee should present the license along with the consignment at the Frontier *Ookad* Station concerned. The *Ookad* staff will roughly verify that the quantity exported does not exceed that set forth in the license and allow the consignment to pass. One copy (duplicate) of the license will be filed in the Ookad with the date of the transmission of the consignment noted thereon and the other copy (triplicate) with a similar endorsement returned to the office of issue. Consignments which are not covered by licenses should not be allowed to pass, but the owners or persons in charge thereof should be asked to obtain the necessary license therefor. Care should be taken to see that no unnecessary obstruction to traffic or oppression to people is caused by the Ookad staff. The Amildars of the Taluks concerned should devote particular attention in this respect and pay surprise visits to the Ookads and check the work there. Complaints received should be enquired into without any delay and suitable notice taken of the conduct of the delinquents.

(7) Deputy Commissioners of Districts are requested to furnish in Form 'B' a fortnightly return of licenses issued by them and the officers authorized by them to the Director of Civil Supplies within a week of the close of the fortnight. The latter officer will submit a consolidated statement to Government within a week thereafter, incorporating therewith the statistics regarding licenses issued by him for export by rail.

(8) It is very essential that the returns prescribed should be submitted with the greatest regularity and punctuality as no useful purpose will be served by the receipt of belated reports. The Revenue Commissioner will exercise a general supervision over the arrangements made and the establishments employed in the Districts for this purpose.

(9) The Superintendent, Government Press, is requested to print and supply the requisite number of forms on indents received from the Deputy Commissioners and the Director of Civil Supplies, the work being treated as extremely urgent.

(10) Separate instructions will issue regarding the collection of general statistics of exports and imports in these Ookads.

By Order,

Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Director of Civil Supplies and Controller of Prices in Mysore.
The Director of Industries and Commerce in Mysore.

CIRCULAR MEMORANDUM.

With reference to paragraph 3 of Government Order No. G. 2714-26—P. P. 66-18-1, dated the 6th August 1918, directing the location of *Ookads* on all the frontier roads leading outside the State, for watching against unauthorised exports of food grains from the State, etc., the following subsidiary instructions are issued for securing correct statistics of exports and imports of all articles or commodities going out or coming into the State by road:—

(1) For the collection of statistics referred to above, a register will be maintained in each *Ookad* in the appended form, in which entries will be made as the consignments pass through the *Ookad*. A separate register will be maintained for each month. At the end of the month, the register will be forwarded to the Deputy Commissioner who will collect the registers pertaining to all the *Ookads* in the district and transmit them in original to the Director of Civil Supplies within the 15th of the succeeding month, after assuring himself that all the registers due have been received.

(2) The Director of Civil Supplies will submit a consolidated report to Government once a quarter, of the total exports and imports by road as a supplement to the returns of railborne traffic.

(3) The Superintendent, Government Press, is requested to print and supply the requisite number of forms to the Deputy Commissioners of Districts on indents received from them.

Export of the Principal Food-grains from the State.

No. G. 2714-26—P. P. 66-18-1, DATED 6TH AUGUST 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 2714-26—P. P. 66-18-1, dated 6th August 1918.

It has been brought to the notice of Government that large quantities of food-grains are being exported from the State by road especially from the frontier taluks of the Mysore, Shimoga and Chitaldrug Districts. The South-west Monsoon having so far failed this year, the situation has become one of some anxiety. Added to it, is the difficulty caused by the rise in the prices of food-grains. There are also impediments to the free import of articles of food from outside the State on account of the congestion in Railway traffic.

2. Government therefore consider it necessary to control the unlimited export of the principal food-grains so as to guard against a possible depletion of stocks required for use in the State. They are accordingly pleased to direct that the export of the marginally noted food-grains from the State shall be permitted only under licenses issued therefor by the Duputy Commissioners of Districts or other officers authorised by them, such as, Sub-Division Officers in the case of exports by road, and on licenses issued by the Director of Civil Supplies and Controller of Prices in Mysore in the case of exports by rail. The licenses will be issued by the officers after they are satisfied that the export is urgently required at the place of import, that it is not abnormal and will not act prejudicially to the interests of the locality of export or of other parts of the State to which food-grains were usually transported therefrom in the past.

Paddy,
Rice,
Ragi, and
Cholum.

3. To watch against unauthorised export of such articles and also with the object of securing correct statistics of exports and imports by road, it will be necessary to locate *Ookads* with necessary establishments at the frontier on all the principal highways leading outside the State and the Revenue Commissioner is requested to take immediate steps to establish such Ookads. The cost involved will be met by reappropriation of funds in the budget of the Industries and Commerce Department, an additional grant being sanctioned later on, if necessary.

4. The Revenue Commissioner is also requested to submit a report within a fortnight of the action taken in the matter together with information about the establishment required for the purpose, which he may entertain in anticipation of sanction. He is further requested to impress on all the local officers the need for the exercise of great tact in dealing with the situation.
